Child Abuse Seminar

Students will be instructed in investigative interviewing techniques for child abuse investigations focusing on:

- ♦ behavior symptom analysis
- ♦ interviewer characteristics and interview environment
- ♦ interviewing protocol
- ♦ Identifying the common characteristics, attitudes and behavioral patterns of child abuse offenders
- ♦ evaluating alibis
- ♦ and the Reid Nine Steps of Interrogation.

Physical and Neglect Child Abuse Injury Reconstruction Techniques

In this training module the student will be presented with the best practices, specific techniques and the appropriate response for conducting a multidisciplinary investigation in physical child abuse, neglect and suspicious child death investigations.
